SKILLS

LANGUAGES

- French : native
- English : fluent

A B O U T M E

Curious and versatile, I am passionate about visual creation in all its forms. My background has allowed me to develop strong skills in 3D and animation, which I combine with motion design, and video editing to bring dynamic and immersive projects to life. I enjoy exploring different tools and techniques to create visuals tailored to each medium, while continuing to refine my artistic vision and creativity through a variety of projects.

E X P E R I E N C E S

Internship Cités Immersives

2025

- Graphic design, video & digital creation

Création de contenus visuels digitaux, création de contenus visuels print et déclinaison de l'identité visuelle, Montage vidéo, Photographie et retouches
